## EDUCATION

- **B.Tech Computer Science and Engg.**
  Haldia Institute of Technology,W.B. (CGPA - 8.41)
  *Aug, 2017 - July, 2021*

- **Intermediate**
  Bijendra Public School,Purnea (MARKS-75.4%)
  *April, 2016*

- **Matriculation**
  S.R.D.A.V. Public School,Purnea (CGPA - 9.8)
  *April, 2014*

## ACHIEVEMENTS

- **Maniac-C**
  Secured 2nd rank in intercollege coding competition.

- **6th International Mathematics Olympiad**
  Secured a rank of 32 in my state in the final round.

## SKILLS

- **Technologies**
  Java, Python, Data Structures and Algorithms, Dart, HTML, Django, Flask, Flutter, Firebase, PostgreSql, Sql, Git, CRUD API, Big Data Engineering basics, Linux

- **Patterns & Practices**
  Object Oriented Programming, Functional Programming

- **Project Management**
  Agile, Scrum

## PROJECTS

- **GoApply:- Hiring Platform of Think Gorapid Technologies**
  An application for receiving information and creating an online coding round to shortlist. [Dart, Flutter, Firebase, Git CI/CD]

- **Crack Detection of Structures using Deep Learning Framework** To accurately detect cracks using Deep learning.I proposed the modified Lenet-5 model to detect cracks on roads and bridges.

- **CivilERA- Official Website of Civil Engineering**
  Full-Stack development with Django(a python framework) as backend ,HTML5,CSS3,Bootstrap 4 for designing Templates .Used PostgreSql for storing Data.

## POSITION OF RESPONSIBILITY

- **Seminars**
  Hosted a 3 day college seminar on basics of python and Data Analytics with python.*The attendance was about 40 students.*

## CODING PROFILES

- LEETCODE:https://leetcode.com/jhaGaurav/
- HACKERRANK:https://www.hackerrank.com/jgaurav9916
